## SELF-IMPOSED HANDICAP

*The Idiotic Impossibility of being a Jew-  
fighter and a Christian at the same  
Time.*

*By Ben Klassen, P. M.*

Have you ever seen a championship boxer trying for the world title go into the ring with one hand tied behind his back? Would Jack Dempsey voluntarily have done so? Max Schmeling? Jack Sharkey? No, not even Joe Louis, a dumb mulatto, was ever that stupid.

Have you ever seen a 100 meter sprinter enter the Olympic contests voluntarily strapping a 100 pound bag of flour on his back while trying to break new world records? No, I never have, and neither have you. No sprinter is that dumb, and if he were you can be sure he would be a sorry loser.

Have you ever seen a race car driver enter the Indy 500 with a voluntary, self-imposed brake lock on his wheels?

Have you ever seen a championship tennis player vie for the U. S. Open, or the Wimbledon crown, voluntarily cut a big hole in the face of his racquet? Can you imagine Jimmy Connors, or Chris Evert, or John McEnroe doing such a stupid thing just before the finals?

No, no champion would even consider such an idiotic self-imposed handicap. They did not become winners or champions by throwing obvious self-imposed roadblocks in their path to success.

As we can see from the foregoing, no winner is so dumb as to even consider such idiotic self-imposed handicaps. If they had such inclinations they would have been relegated to the position of small-time losers far down the line and never come near the winner's circle.

You would think such self-imposed idiocy would be hard to find anywhere, especially in a contest where the stakes are extremely high, namely, a matter of life or death, a matter of survival of extinction.

Well, there are such individuals, believe it or not. In fact, there is not only a group of such people, but a large number of such groups, of such people. Strangely, most of them are White people.

Before we go into identifying such groups and why they do

## NATURE IS MY GOD

*By Libra*

When you reach your seventies, you are usually so set in your ways, nothing will ever change you. Possibly you have been brainwashed since early childhood and you have gone through life believing all tenets are wrong except those you've been taught.

If you were a Christian Scientist you'd allow your own children or parents to die, rather than call for medical help, even though the founder of the Church, Mary Baker Eddy, often sought medical help. Her followers didn't know this, or about her unsavory personal life. If you were of a particular Protestant faith, not only were all other Protestants wrong, but those of any other religion.

If you were a Catholic you were probably the worst of the lot. You were forced to confess sins to a man (?) in a black robe, hidden by a

black curtain, who promptly told you to repent, sin no more and say 100 rosaries. He may well have been a drunk, an addict, or a sexual pervert, which may have been the primary reason he became a priest in the first place. The same could hold true for nuns, though there are many fine, devout men and women in the church who serve humanity, just as there are in other churches.

I was formerly affiliated with all three churches. No more!

Then there are the Jews, who invented Christianity. They also invented Jesus Christ and the virgin, Mary. That is when they latched on to a scheme with which they took charge of the world. They became bloodsuckers of every nation and race around the globe. Their blood lines even seeping down to the famous Chinese banking family—the Soongs. (see "The Yellow Peril,"—Reville P. Oliver, Liberty Bell Publications, Box 21, Reedy, Pa. 25270) "One Soong sister married Dr. Sun Yat-Sen, while another married Chiang Kai-shek."

## How to Steal Wheelbarrows and Other Valuables

There is a story about a man who worked in a large factory who devised an ingenious plan of stealing property from the company he worked for. Each day when his shift was over and he checked out the gate past the plant guard he would push a wheelbarrow with a canvas tarp over it. The guard was suspicious that he was stealing something and each time the guard would lift the tarp to check if there were some hidden items under it. But there never was anything in the wheelbarrow.

This went on for about a month and the guard became more exasperated as time went on. Finally in desperation he said to the man with the wheelbarrow: "Look, I know you are stealing something. If you will tell me what, I'll forgive your previous thefts.

Now, what is it you have been stealing?"

The man replied, "Wheelbarrows."

In a similar con game the White Race is being robbed of its most

valuable treasure — its racial genes. The White Man knows he is being robbed, but he is so confused and befuddled he is not clear of what he is being robbed, nor by exactly whom.

So he is busily engaged defending the frivolous from unknown thieves. While his most precious treasure is being looted and demolished, he is looking in the wrong direction. He is looking under the tarp, but he is not seeing the wheelbarrow.

This same sleight-of-hand trick has been employed by so-called magicians for generations. The trick is to wave a red handkerchief with one hand in order to attract attention while the other hand is busily engaged in manipulating something else, but goes by unnoticed.

In order to expose the heinous tragedy that is overwhelming the White Race let us start by first of all identifying the culprit, and that culprit

what they do, let us reiterate a few basic truths derived from the Eternal Laws of Nature. In this respect it would be productive to again review the 24 points listed at the end of Chapter 1 in NATURE'S ETERNAL RELIGION.

Point No. 22 says, "Eternal struggle is the price of survival."

This being so, let us add to this an obvious corollary, namely:

In the fight for survival, the winner takes all. There is no second prize.

As I have demonstrated in the first chapter of NER, nature equips each species with certain weapons and defenses and throws the species, or the individual, into the arena to struggle for its survival. Being adequately equipped, Nature then tells each species they are on their own as to how effectively they use, abuse, or ignore, what advantages they have. Nature is completely indifferent as to who survives or which species bites the dust. It is an open contest, a ruthless struggle, no holds barred. Tigers have claws, sharp teeth and are powerful. Rattlesnakes have poisonous fangs. Rabbits have speed of locomotion and a high multiplication factor. Rats are tough, adaptable, and they, too, have a high reproductive capacity.

The tools, weapons and defensive mechanisms Nature has handed out to its millions of species are manifold and varied. The big point is that anything goes, deceit, cunning, trickery, power, flight, reproductive capacity, poisonous venom, or whatever. Nature does not ask what means did you use? It only has one bottom line: Can you survive in the ongoing struggle? If not, that species is ruthlessly punished with the ultimate penalty: EXTINCTION. It is relegated to the scrap heap of biological history.

As I have pointed out in Chapter 1, practically every species has its natural enemy, and some are burdened with several natural enemies. In the latter category, for instance, is the poor rabbit who has hawks, eagles, coyote, foxes, wolves and a number of other predators on its tail. But nevertheless it survives, because it uses its own natural defenses to its best advantage. Even a dumb bunny is not so dumb as to inflict a self-imposed handicap is its struggle for survival.

As I have also pointed out throughout both NATURE'S ETERNAL RELIGION and the WHITE MAN'S BIBLE, that in getting closer to home, the White Race has its natural enemies, altho few are aware of it. The natural enemies of the White Race are the mud races of the world in general. Of these, there is one above all others that is far more treacherous and dangerous than all the rest put together. That implacable enemy of the White Race is the International Jew, and the main forte, the supreme weapon of the Jews, is cunning and deceit. They have used these weapons well and as a result the Jewish race is the oldest surviving entity among all the races of the world today. They not only have survived, but they now have the overwhelming majority of the human race, including (and especially) the White Race by the throat, pressing on its jugular vein at will, and in a position to commit genocide on any segment of the human race they so choose.

Not only has the Jewish menace survived over the thousands of years but has immensely sharpened its weapons of cunning and deceit.

One of the most treacherous and effective weapons they have developed in overcoming enemies (all people are their enemies) is mind manipulation. By manipulating the mind of its enemies that are naturally more numerous and powerful than themselves is to manipulate the minds of such people in a way where they will collaborate voluntarily in their own destruction. Simply stated, it is to effectively persuade their enemies to voluntarily be losers by voluntarily impos-

ing needless, idiotic handicaps so that there is no way to win. The procedure is as idiotic and fantastic as asking Jack Dempsey to fight Jess Willard with one hand tied behind his back, or asking John McEnroe to cut a hole in his tennis racquet while battling Jimmy Connors for the Wimbledon crown.

Utterly fantastic isn't it? But they have done it successfully, effectively, to millions of our White Racial Comrades and their most effective weapon has been Christianity, a Jewish invention from the word, go!

It is a well known axiom of military strategy that one of the most effective ploys is to confuse the hell out of the enemy so that they become their own worst enemy and destroy themselves.

In this treatise we want to examine how the Jews realized the effectiveness of this strategem early in its history and latched on to it with a vengeance. We want to explore further how they used Jewish Christianity to effectively neutralize the White Race into non-resistance, then actively turn such victims into partisan destroyers of their own kind. This Jewish-Christian perversion not only violates all the laws Nature has laid down for the survival of a species, any species, but actually turns such law upside down and manipulates the victim, (the White Race) to help its enemies (the Jew) destroy it (the victim).

How would you go about persuading Jack Dempsey to tie his mighty right hand behind his back in a crucial championship bout? How would you persuade John McEnroe to cut a hole in his racquet in the finals at Wimbledon? How would you persuade a 100 meter sprinter to tie a 100 pound sack of flour on his back in the main event?

I don't know how you could induce any of the above to do such stupid things and have never heard of them being done.

But I can tell you how the Jew has manipulated the minds of our White Racial Comrades to commit even more heinous crimes against their own race and help destroy themselves.

How do the Jews use Christianity to accomplish such an astounding feat? The steps are simple and well enough recorded in history for anyone with eyes to see and a functioning mind to understand. The story goes far back into ancient history. It essentially revolves around the issue of religion.

The following is not theory, but a step-by-step account of how the Jews have accomplished their amazing feat.

1. They started out several thousand years ago with a racial religion. The crux of that religion was: What is good for the Jews is the highest virtue. What is bad for the Jews is the ultimate sin.

The fact that they then concocted a fictitious history around the mythical characters of Abraham, Isaac and Jacob is incidental, but it is interesting to note that their "heroes" are the basest of all characters, deceitful and cunning. The fact that they are also whore-mongers, liars, murderers and thieves adds to the depravity of their story.

2. They then built up a whole superstructure of fictitious concepts as a base for their religion. Some of the basic fictitious concepts had much to do with superstition and the "spooks in the sky" approach. Some of these fictitious concepts were heaven and hell, god and the devil, angels, demons, magic, and in general, far fetched lies and tall stories.

3. Around these sleazy and deceitful concepts they built up the racial solidarity of their own bloodthirsty tribe, the basis of which was RACIAL LOYALTY.

4. Around the first century A. D. the tribe was, nevertheless, falling apart, and disintegrating into decay. The Romans and the Roman Empire, of which the Jews in Palestine were an insignificant part, ruled the world and threatened to wipe Judaism off the face of the earth.

5. It was then that Saul of Tarsus conceived the brilliant

(Continued on Page 3)

idea of feeding the suicidal religion of the Essenes to the Romans. It emerged as Christianity, and what followed was the most catastrophic series of episodes in the history of civilization. The Jews succeeded in perverting the Roman mind (and that of all the White Race) and turning it into those paths by which they would willfully collaborate in destroying themselves.

Jewish Christianity triumphed. The Jewish strategem of war was successful beyond their fondest dreams. A thousand years of the Dark Ages followed. The destruction of the White Race was on its way. (Read again Creative Credo No. 43, in the WHITE MAN'S BIBLE, "Confessions of a Jew — the Devastating Ramifications of Paul of Tarsus and Christianity in Destroying Roman Civilization").

To those apologists for Christianity who will still defend this Jewish mind scrambler as a "blessing to mankind", "the true word of God", and other fictitious concepts, we will spell it out point-by-point as to how Christianity programs a normal healthy mind to destroy itself and the race of which they are a part.

### **1. CHRISTIANITY IS A DEMEANING, SELF-DESTRUCTIVE SLAVE PHILOSOPHY.**

It is no coincidence that Christianity first took root among the renegade Jews, the slaves, the mix-breeds and the riff-raff of Rome. Like a sedative or a drug it was designed to appeal to the weak, the desperate and the incompetent as a crutch and an escape mechanism. In so doing, it first demands the acknowledgement of the worthlessness of its members, to debase and demean themselves, to break their spirit and bow before a vengeful, sadistic monster, namely an unseen, unheard, unfelt and unsmelt spook in the sky. In short, to pay humble obeisance to a fictitious concept.

In the New Testament a fictitious Christ keeps pounding away how all people are worthless sinners, how we are all guilty, how we are born in sin. He keeps hammering away that there is nothing we can do about a hopeless situation except repent, ask for forgiveness and hope and pray for mercy from a relentless master. This is a no-win slave philosophy carried to its ultimate degenerate conclusion.

### **2. IN CONTRAST, CHRISTIANITY SELLS THE IDEA TO THE GENTILES (MOSTLY WHITES) THAT THE JEWS ARE GREAT, A SPECIAL PEOPLE, THAT THEY ARE GOD'S CHOSEN.**

The Old Testament extols the virtues of these miserable reprobates in chapter after chapter, page after page, despite all the vulgar and pornographic episodes these pimps, whores, thieves, panderers and criminals engage in. "I will bless them that bless thee and curse them that curse thee", quoth the fictitious Jewish Jahweh and millions of gullible Goyim swallow this impossible tripe.

How any White man or woman in their right mind can swallow such garbage is beyond me. How in the hell these same people can voluntarily go to church on Sunday to have their brains manipulated to love the Jew and then be expected to go out and fight Jewry and its vicious network the rest of the week is one of the impossibilities I mentioned in the heading of the chapter. In short, a Christian has been programmed to be a Jew lover and can hardly be expected to be worth his salt in combating this world-wide pestilence.

### **3. CHRISTIANITY TEACHES ITS FOLLOWERS TO LOVE THEIR ENEMIES, TO HATE THEIR OWN KIND.**

This is one of the most destructive and idiotic of all its teachings. In the "Sermon on the Mount" a fictitious Christ extols the virtue of "love your enemies, bless them that curse you and do good to them that hate you", etc. (Matt 5:44) So much for the suicidal piece of advice.

But he goes on to offer just the opposite kind of treatment to your own kind. In Luke 14:26 he purportedly says, "If any man come to me and hate not his father, and mother and wife, and children, and brethren, and sister, yea, and his own life also he cannot be my disciple".

There you have it. The sickest piece of advice ever compiled in writing. Love your enemies, hate those near and dear to you. And for this kind of lunatic garbage respectable White people will go to church every Sunday and ante into the collection plate?

Wake up, White Racial Comrade! This is a sick, sick, sick Jewish booby-trap. In contrast, CREATIVITY teaches just the opposite — to love your own kind, to practice racial loyalty and to hate and destroy your enemies. That makes one hell of a lot more sense than the Jewish clap-trap offered to the Christians — bad advice the Jews themselves wouldn't touch with a ten foot pole.

### **4. CHRISTIANITY IS HIGHLY DIVISIVE AND CONTRADICTIONARY.**

It has been said that with the Christian (Jewish) bible you can play any tune you choose just as you can on a piano. On the latter, by choosing the keys you can play an endless variety of tunes. With the bible and its multitude of contradictions you can support or denounce any idea or any argument you choose, depending on the verse and chapter you choose.

As a result of this multitude of contradictions it leaves the individual "believer" in perpetual conflict. Any "believer" who wants to "do the right thing" is perpetually in doubt, torn between conflicting admonitions, impossible demands and continued feelings of guilt. In short, as we said at the beginning, confused as hell, a condition inflicted upon enemies you would want to destroy.

This situation of confusion is not only limited to the individual but extends to groups, denominations, countries and nations. Perpetual conflict, perpetual divisiveness, relentless confusion.

"I came not to bring peace, but the sword" quoth the (fictitious) lord.

No wonder the White Race is in a perpetual daze, in a unending no-win situation.

### **5. CHRISTIANITY MAKES IMPOSSIBLE DEMANDS AND LEADS TO FRUSTRATION AND MENTAL BREAKDOWN.**

Would you seriously consider playing a "flip-the-coin" game for real money if your opponent imposed such impossible rules as "Heads I win — tails you lose"? Well, you would be pretty silly to engage in such a no-win game for real stakes and even more so if the stakes were high enough to entail the entire future direction of your life.

Yet, Christians voluntarily (and stupidly) enmesh themselves in just such a no-win situation.

**One example out of hundreds:** We are continuously brow beaten to try to become more God-like. When God didn't like Jacob's sons, he arbitrarily slew them. When he didn't like mankind as a whole (which he himself had designed and created) he drowned them all like a pack of rats in the (fictitious) Great Flood. Now, if WE were to slay someone WE didn't like, WE would be accused of a most heinous crime, murder. WE would be executed for our crime, and according to the "Word of God", would burn, burn, burn forever. A no-win situation if there ever was one, don't you think?

For more of the same, see Chapter 15, Book 1, of NATURE'S ETERNAL RELIGION, "Getting to Heaven: Project Impossible; or Everybody is going to Hell."

When people are continuously threatened with a no-win situation it produces despair, depression, frustration, schizophrenia and in severe cases, mental breakdown. The

is the master of deceit, that master sneak of all time, the international Jew, or more broadly the worldwide Jewish network. It is this Jewish network that is not only robbing the White Man blind, but destroying him, mongrelizing him, and enslaving the mongrelized offspring for all eternity. At least that is the objective, and it is going forward at an ever increasing tempo.

The Jew has many treacherous tools with which to do the job. He is waving many red handkerchiefs and the White Man's eye is not on the scene of the crime. The White Man is very much confused and distracted.

The distractions are many and come from various directions. Some of these are: Christianity, booze, drugs, the "world situation", (especially Israel!) and a thousand different pieces of bad news with which the White Man is bombarded daily.

The White Man realizes he is being taxed to death, being robbed of his money and his property. All this is bad enough. But while he muddles through all this morass of confusion, trying to earn a living, trying to keep his head above water, he never seems to realize the main issue, the real tragedy the GRAND THEFT that is being committed, and of which he is the central target.

The White Man is viciously, effectively, being robbed of his most precious treasure — his divine seed — his genes.

The White Race is on a downhill slide to extinction. It is headed for oblivion. Mass genocide is being perpetrated upon Nature's Finest. The Jew is successfully and effectively murdering the White Race, but the White Race is looking elsewhere. It is looking under the tarp, but still can't see the wheelbarrow.

I said earlier that the Jew had many tools with which to do the job, and

## WHY ARE YOU WHAT YOU ARE?

By Gen. R. Never

There is not a person alive of average common sense and curiosity who has not wondered about himself in relation to others and why is he what he is instead of being like someone else? What makes us what we are? Can we change what we are? What can we expect of ourself, and can we improve our lot?

The first thing we must understand is that we are a member of a Race and we inherit our Race's genetic heritage, heritage and culture. And, that Racial heritage, and its heritage and culture, are the most important things to each individual person because these things determine the basic foundation of our lives, meaning — our physical selves, our

was waving many red handkerchiefs to distract our attention.

The biggest mind boggler that he used most effectively and over the longest period of time is Jewish Christianity. The Jew invented it, the Jew promoted it, and the White Romans first swallowed this Jewish poison. The White Man has over the centuries accepted it as "his own" and while he is busily saving "souls" in India, Africa, the South Sea islands and every other part of the world, the mud races of the world are hungrily flooding into his homeland, polluting it, desecrating it and pulling the White Man's society down into the mire. The White Man is not lifting a finger to protect either his territory nor his racial heritage, nor his gene pool.

We of the CHURCH OF THE CREATOR say this: Unless and until Jewish Christianity is demolished and replaced by a racial religion that is dedicated to the survival, expansion and advancement of the White Race itself, we will never solve any of the multitude of problems with which the world, and the White Race in particular, is beset.

The CHURCH OF THE CREATOR takes the lead in solving this monumental problem. The first step, as I have said a thousand times before, is to straighten out the White Man's thinking, and direct his attention to building a massive White racial movement that will act as a huge battering ram to demolish the Jewish monster. CREATIVITY is the answer.

We must build, build, build, until we have a massive worldwide ground swell which neither the Jews nor the multitude of mud races can resist. CREATIVITY has the blueprint, the format, the core around which the White Race must polarize. Help build and help save our most precious treasure for our future progeny. Help build a Whiter and Brighter World!

capabilities, our mental characters, and our environment and societies - meaning - societal life, family life, lifestyle and work, and these things shape our destiny.

The next thing we must understand is that we as individuals also inherit family heritages such as physical features, mental abilities and character traits. Our parents are the determiners of each of us. Their Race determines our Race. Their selection of mates determines our Race and Racial genetic heritage, heritage and culture, and our potential abilities and capabilities. Their environment is our environment during our development to maturity. This environment they give us determines what part of our potential that they gave us is developed, how much of it is developed, and the way it is developed, etc. As I said, our parents are our determiners. But we should always remember that it is our parents

## NATURE

(Continued from Page 1)

However, something so astounding happened to this writer earlier on, it's difficult to describe. A friend sent me two books, "NATURE'S ETERNAL RELIGION" and "THE WHITE MAN'S BIBLE", with a note saying, "I don't know why Ben Klassen hasn't been murdered". After reading and re-reading both books, I, too, wondered. I also knew and know, that NATURE'S ETERNAL RELIGION will always protect Ben Klassen, just as it will the rest of us. We, the White Race, are the most glorious and brilliant to inhabit any galaxy. And let none dare call us atheists! (see September issue of R.L., "We are not atheists") We are nature's most perfect creations, second only to a wild rose.

Don't let us die out! You younger people must procreate and bring forth into a dwindling White world all of the glory and wonder a higher

power, whom I choose to call Nature's God, has given us.

Many years ago Eleanor Roosevelt, (wife of a treasonous United States president, Franklin Delano Roosevelt), who had a black lover, said "Sooner than you think, the United States will be a tan colored country." How repugnant to turn Nature's Finest into a brown colored mulatto mongrel!

Let the White Race turn into breeders, as the mud races did in the 30's, 40's and 50's in our country. Look in other places. Look into the blood lines of English royalty, at the perverts sitting on their U. N. thrones of power, the Israeli government. Look at any country in the world!

The mud races are on the march and they're taking over so quickly it should scare hell out of you! Let us turn to the second of Creativity's 16 Commandments which says, "Be fruitful. etc...."

CREATIVITY is the answer!

number of Christians that have been driven to insanity by the fear of hell has never been recorded, but undoubtedly runs into the millions.

The list is endless of how Christianity cripples the mind and reduces its subjects to self-destructive, self-incriminating victims, standing naked and defenseless before the rapacious Jew, who wrote the script, but will have none of that nonsense himself.

I suggest you read again the Mission Impossible chapter in NATURE'S ETERNAL RELIGION, mentioned previously, as well as Creative Credo Numbers, 45 to 57 in the WHITE MAN'S BIBLE, the latter namely Number 57, appropriately rounding it off with the heading, "Why we indict Christianity so strongly."

How much better to have a salubrious, optimistic attitude towards life such as Creativity offers. How much better to have done with the fear of hell, fear of the Jew and fear of the fictitious spook in the sky! How much better to follow a creed that is rooted in reality and the Eternal Laws of Nature.

Come White Racial Comrade, and join with us in building the Creativity movement and with it a Whiter and Brighter World.

Racial genetic heritages, heritage and culture that developed and permitted the development of the family heritages, each individuals being and their environment and society.

Common sense dictates that because parents ARE the determiners of their children's Race and their children's beings and potential destiny, then these all important truths and facts should be taught our children by their parents, and their societies education systems, so that they will be Racists and prepare themselves to make the best selection of mates possible and develop as much of their endowed potential as possible, and be good viable citizens and Racists.

To the question--what is our individual relationship to others in our society? We now know from the

sciences of genetics and history that all people of the same Race are Kin. The people of a Race each inherit their Races genetic heritage, heritage and culture, and that nationalities of a Race all have the same basic Racial genetic heritages and cultures. But, specialized environments developed societal differences and specialized genetic variances in the bodies of and physical abilities, in the minds and mental abilities, and in the character traits. These different nationalities and their cultures of one Race can be intermixed and still maintain their Racial genetic heritages even though the societal and cultural heritages changed. Such intermixed nationalities form vigorous hardy

Dear Pontifex:

Enclosed is a donation for the Cause. And regarding your request for opinions about starting a "Cupid's Corner" in RACIAL LOYALTY, I think it is a very good idea. It can't do any harm, and may eventually do a lot of good. A female entertainer, a negress, once said, in speaking of her race, "Our secret weapon is babies, babies, and more babies." If we can't counter this, we are done for.

Best regards,  
Allan Callahan  
Montana

Dear Mr. Klassen:

I greatly appreciate the issues of RACIAL LOYALTY you have been sending me.

I was very sorry that I could not find the time to write an article for your first issue, although I tried. I am still far behind in work that I have specifically promised.

The article on the Mexican War (which I have long described as the only indubitably justified war in our history) is admirable and I wish particularly to congratulate the author. And you are quite right: it is a continuing war and one which we are currently losing as the mongrels pour across the Rio Grande and make no secret of their intention eventually to retake the Southwest that we won from them when we were still a nation.

It is a sad commentary on what has happened to Texas (my native state) and the nation that a fortnight or so ago a friend of mine had a long conversation with a prosperous attorney from Houston who was visiting friends here. When my friend asked the Texan why he, who seemed to have political ambitions, did not make an issue of the hordes of vermin coming across the Rio Grande, the attorney, shocked, replied, "Oh, I couldn't do that! Some of my best clients and friends are making millions out of them."

With all the best wishes,  
Sincerely,

Revilo P. Oliver  
Ohio

Dear Nature's Finest,

I've admired your words of wit found in N.E.R., W.M.B. & S.L., and also in RACIAL LOYALTY; of which, I am distributing all available copies. Evidently at conception, your genetic code has paralleled that of a barbarian. I certainly hope so as words are of no longer any use; the time is long past due for action....

There appear to be many of your readers who have not realized that the Jewish Holy Bible is nothing more than a Field Training Manual to teach the Whites how to stand still while the Jews screw them to the wall.

Since the last Jewish Harvest, Viet-

nam, in which I reluctantly participated (drafted), and for after, (which I spent fifteen years of my life fighting the bottle and apparently that inner voice of necessity denying my own heredity); I've finally come to the conclusion that I too am a barbarian and quite proud to be willing to change reality with the knowledge found in my blood plasma.

To those suffering from Spiritual Syphilis (Christianity) I would like to cleanse the air with a few thoughts I have found particularly difficult, in fact, impossible, to have printed in any form of Jewish communication, as those suffering from Tay Sachs control them all.

I feel it is the crime of the Jewish Christian Church against life not only that it promises a life it does not and cannot give, but that it takes away from men the real life they did have, and which might have gone to no one knows how far. The church has taken away his struggle, without which there is no growth, no fulfillment. The fantasy of Jesus's teachings were so set on the fruits (offspring) that he forgot the roots (blood lines); and in the end the roots decide. Jesus's neglect of every sort of physical relatedness has left the soil quite unattended against the invasion of the rank weed of the doctrine of human equality, as soon as a shift in the winds begin to carry the seed of it into lands taken over by Christianity. Say what one will, there is all too much in the gospels that can be used to justify the overthrow of the institutions of private property and even that of the family — both of which, were listed for destruction in the original Bolshevik program.

Nietzsche condemned Christianity because it diverted attention from, and poisoned belief in, a strong and beautiful life here and now on earth, but above all he condemned it as a gospel by which the weak shall inherit the earth — the weak, the sickly, the mediocre. I can certainly attest to his statement that the two greatest stupefiers of the Western World has been alcohol and Christianity. I feel if any people gives up the religion of its own creation (blood), to take up the religion of another alien people, it surrenders its independence and to a considerable extent its identity. In my eyes there is nothing more despicable and repugnant than a traitor to his or her own people.

I could go on endlessly, but I'm quite sure the bleeding hearts who might read this have pen in hand ready to destroy fact with fantasy.

I must say that the exceptional man can make his richest contributions to his race only by going as far as he has it in him to go, even though no one else goes with him; no one can struggle to be true until he is aware of something within himself that he must be true to.

What I can offer your endeavor is not the Fed's counterfeit money, since

## Racial Ribaldry

*There is a romantic legend of how a small lake in Wisconsin received its Indian name. It seems that a young Indian brave was very much in love with an Indian maiden of another tribe and who lived on the other side of the lake. Each night they would call out to each other across the waters with ardent professions of their love.*

*One night when the moon was high, the young brave could stand it no longer. He decided to go to his love. He plunged into the cold waters, but since he couldn't swim a stroke, he drowned a few yards from the shore.*

*In honor of this tragic love story, the lake ever after has been named for the Indian brave who drowned in its chilly waters. It is called Lake Stupid.*

Dear Pontifex:

No one has had the nerve to tell the Americans just why the business people are apparently leaving this country, so I will.

The business people have been harassed by the bureaucrats telling them what color they should hire. It didn't make any difference whether they were qualified for the position or not and what they were saying,

was, "You hire them, and if someone else has to do their work, O.K., you just pay them."

The business people saw their business being destroyed and moved to a country where they had all one color which didn't have a racial problem. If I were a business person, that is what I would do.

We should not blame the business people for making their exodus. If you had a Justice Department telling you that you had to hire so many of this and that wouldn't you leave? The business people do not want to make a fuss about this, which I understand, if they used just a little bit of free speech, they would be harassed as we have seen it happen to others.

When you have two or three different races, then you have a conflict of personality due to color and racial customs.

If there is a black and a White, then one will think they should be doing

# PHILOSOPHY AND ORGANIZATION

By Adolf Hitler

*(This greatest of all White leaders wrote this chapter of Mein Kampf while in Landsberg prison in 1924. Although written nearly 60 years ago, the sage advice given is timeless, and is as applicable to the building of our CREATIVITY movement to-day as it was in the building of the National Socialist movement in the twenties. For our purposes, the word "folkish" can be read as meaning racial.*

*Editor.)*

\* \* \* \* \*

The folkish state, a general picture of which I have attempted to draw in broad outlines, will not be realized by the mere knowledge of what is necessary to this state. It is not enough to know how a folkish state should look. Far more important is the program for its creation. We may not expect the present parties, which after all are primarily beneficiaries of the present state, to arrive of their own accord at a change of orientation and of their own free will to modify their present attitude. What makes this all the more impossible is that their real leading elements are always Jews and only Jews. And the development we are going through today, if continued unobstructed, would fulfill the Jewish prophecy — the Jew would really devour the peoples of the earth, would become their master.

Thus, confronting the millions of German "bourgeois" and "proletarians," who for the most part, from cowardice coupled with stupidity, trot toward their ruin, he pursues his way inexorably, in the highest consciousness of his future goal. A party which is led by him can, therefore, stand for no other interests beside his interests; and with the concerns of Aryan nations, these have nothing in common.

And so, if we wish to transform the ideal image of a folkish state into practical reality, we must, independent of the powers that have thus far ruled public life, seek a new force that is willing and able to take up the struggle for such an idea. For it will take a struggle, in view of the fact that the first task is not creation of a folkish state conception, but above all elimination of the existing Jewish one.

As so frequently in history, the main difficulty lies, not in the form of the new state of things, but in making place for it. Prejudices and interests unite in a solid phalanx and attempt with all possible means to prevent the victory of an idea that is displeasing to them or that menaces them.

And so, unfortunately, the fighter for such a new idea, important as it

may be to put positive emphasis on it, is forced to carry through first of all the negative part of the fight, that part which should lead to the elimination of the present state of affairs.

A young doctrine of great and new fundamental significance will, displeasing as this may be to the individual, be forced to employ as its first weapon the probe of **criticism** in all its sharpness.

It indicates a lack of deep insight into historical developments when today people who call themselves folkish make a great point of assuring us over and over that they do not plan to engage in **negative criticism**, but only in **constructive work**; this absurd childish stammering is "folkish" in the worst sense and shows how little trace the history even of their own times has left in these minds. **Marxism** also had a goal, and it, too, has a **constructive activity** (even if it is only to erect a despotism of international world Jewish finance); but previously, nevertheless, it **practiced criticism for seventy years**, annihilating, disintegrating criticism and again criticism, which continued until the old state was undermined by this persistent corrosive acid and brought to collapse. Only then did its actual "construction" begin. And that was self-evident, correct and logical. An existing condition is not eliminated just by emphasizing and arguing for a future one. For it is not to be presumed that the adherents, let alone the beneficiaries of the condition now existing, could all be converted and won over to the new one merely by demonstrating its necessity. On the contrary, it is only too possible that in this case two conditions will remain in existence side by side, and that the so-called **philosophy** will become a **party**, unable to raise itself above its limitations. For the philosophy is intolerant; it cannot content itself with the role of one "party beside others," but imperiously demands, not only its own exclusive and unlimited recognition, but the complete transformation of all public life in accordance with its views. It can, therefore, not tolerate the simultaneous continuance of a body representing the former condition.

This is equally true of religions.

Christianity could not content itself with building up its own altar; it was absolutely forced to undertake the destruction of the heathen altars. Only from this fanatical intolerance could its apodictic faith take form; this intolerance is, in fact, its absolute presupposition.

The objection may very well be rais-

ed that such phenomena in world history arise for the most part from specifically Jewish modes of thought, in fact, that this type of intolerance and fanaticism positively embodies the Jewish nature. This may be a thousand times true; we may deeply regret this fact and establish with justifiable loathing that its appearance in the history of mankind is something that was previously alien to history — yet this does not alter the fact that this condition is with us today. The men who want to redeem our German people from its present condition have no need to worry their heads thinking how lovely it would be if this and that did not exist; they must try to ascertain how the given condition can be eliminated.

A philosophy filled with infernal intolerance will only be broken by a new idea, driven forward by the same spirit, championed by the same mighty will, and at the same time pure and absolutely genuine in itself.

The individual may establish with pain today that with the appearance of Christianity the first spiritual terror entered into the far freer ancient world, but he will not be able to contest the fact that since then the world has been afflicted and dominated by this coercion, and that coercion is broken only by coercion, and terror only by terror. Only then can a new state of affairs be constructively created.

**Political parties are inclined to compromises; philosophies never. Political parties even reckon with opponents; philosophies proclaim their infallibility.**

Political parties, too, almost always have the original purpose of attaining exclusive despotic domination; a slight impulse toward a philosophy is almost always inherent in them. Yet the very narrowness of their program robs them of the heroism which a philosophy demands. The conciliatory nature of their will attracts small and weakly spirits with which no crusades can be fought. And so, for the most part, they soon bog down in their own pitiful pettiness: They abandon the struggle for a philosophy and attempt instead, by so-called "**positive collaboration**," to conquer as quickly as possible a little place at the feeding trough of existing institutions and to keep it as long as possible. That is their entire endeavor. And if they should be pushed away from the general feeding crib by a somewhat brutal competing boarder, their thoughts and actions are directed solely, whether by force or trickery, toward pushing their way back to the front of the hungry herd and finally, even at the cost of their holy conviction, toward refreshing themselves at the beloved swill pail. Jackals of politics!

**Since a philosophy of life is never willing to share with another**, it cannot be willing either to collaborate in an existing regime which it condemns, but feels obligated to combat this regime and the whole hostile world of ideas with all possi-

ble means; that is, to prepare its downfall.

This purely destructive fight — the danger of which is at once recognized by all others and which consequently encounters general resistance — as well as the positive struggle, attacking to make way for its own world of ideas, requires determined fighters.

And so a philosophy will lead its idea to victory only if it unites the most courageous and energetic elements of its epoch and people in its ranks, and puts them into the solid forms of a fighting organization. For this, however, taking these elements into consideration, it must pick out certain ideas from its general world picture and clad them in a form which, in its precise, slogan-like brevity, seems suited to serve as a creed for a new community of men. While the program of a solely political **party** program of a **philosophy** is the formulation of a declaration of war against the existing order, against a definite state of affairs; in short, against an existing view of life in general.

It is not necessary that every individual fighting for this philosophy should obtain a full insight and precise knowledge of the ultimate ideas and thought processes of the leaders of the movement. What is necessary is that some few, really great ideas be made clear to him, and that the essential fundamental lines be burned indelibly into him, so that he is entirely permeated by the necessity of the victory of his movement and its doctrine. The individual soldier is not initiated into the thought processes of higher strategy either. He is, on the contrary, trained in rigid discipline and fanatical faith in the justice and power of his cause, and taught to stake his life for it without reservation; the same must occur with the individual adherent of a movement of great scope, great future, and the greatest will.

Useless as an army would be, whose individual soldiers were all generals, even if it were only by virtue of their education and their insight, equally useless is a political movement, fighting for a **philosophy**, if it is only a reservoir of "bright" people. No, it also needs the primitive soldier, since otherwise an inner discipline is unobtainable.

It lies in the nature of an **organization** that it can only exist if a broad mass, with a more emotional attitude, serves a high intellectual leadership. A company of two hundred men of equal intellectual ability would in the long run be harder to discipline than a company of a hundred and ninety intellectually less capable men and ten with higher education.

Social Democracy in its day drew the greatest profit from this fact. It took members of the broad masses, discharged from military service where they had been trained in discipline, and drew them into its equally rigid party discipline. And its organization represented an army of officers and soldiers. The German **manual worker** became the soldier, the **Jewish intellectual** the **officer**; and the German trade-union of-

ficials can be regarded as the corps of non-commissioned officers.

The thing which our bourgeoisie always viewed with head-shaking, the fact that only the so-called uneducated masses belonged to the Marxist movement, was in reality the basis for its success. For while the bourgeois parties with their one-sided intellectualism constituted a worthless undisciplined band, the Marxists with their unintellectual human material formed an army of party soldiers, who obeyed their Jewish leader as blindly as formerly their German officer. The German bourgeoisie, which as a matter of principle never concerned itself with psychological problems because it stood so high above them, found it, here too, unnecessary to reflect, and recognize the deeper meaning, as well as the secret danger, of this fact. They thought, on the contrary, that a political movement formed only from the circles of the "intelligensia," is for this very reason more valuable and possesses a greater claim, in fact a greater likelihood, of taking over the government than the uneducated masses. **They never understood that the strength of a political party lies by no means in the greatest possible independent intellect of the individual members, but rather in the disciplined obedience with which its members follow the intellectual leadership.** The decisive factor is the leadership itself. If two bodies of troops battle each other, the one to conquer will not be the one in which every individual has received the highest strategic training, but that one which has the most superior leadership and at the same time the most disciplined, blindly obedient, best-drilled troop.

This is the basic insight which we must constantly bear in mind in examining the possibility of transforming a philosophy into action.

And so, in order to carry a philosophy to victory, we must transform it into a fighting movement, logically the program of the movement must take into consideration the human material that stands at its disposal. As immutable as the ultimate aims and the leading ideas must be, with equal wisdom and psychological soundness the recruiting program must be adapted to the minds of those without whose aid the most beautiful idea would remain eternally an idea.

**If the folkish idea wants to arrive at a clear success from the unclear will of today, it must pick out from the broad world of its ideas certain guiding principles, suited in their essence and content to binding a broad mass of men, that mass which alone guarantees the struggle for this idea as laid down in our philosophy.**

Therefore, the program of the new movement was summed up in a few **guiding principles, twenty-five** in all. They were devised to give, primarily to the man of the people, a rough picture of the movement's

aims. They are in a sense a **political creed**, which on the one hand recruits for the movement and on the other is suited to unite and weld together by a commonly recognized obligation those who have been recruited.

Here the following insight must never leave us: Since the so-called **program of the movement** is absolutely correct in its ultimate aims, but in its formulation had to take psychological forces into account, in the course of time the conviction may well arise that in individual instances certain of the guiding principles ought perhaps to be framed differently, given a better formulation. Every attempt to do this, however, usually works out catastrophically. For in this way something which should be unshakable is submitted to discussion, which, as soon as a single point is deprived of its dogmatic, creedlike formulation, will not automatically yield a new, better, and above all unified, formulation, but will far sooner lead to endless debates and a general confusion. In such a case, it always remains to be considered which is better: a new, happier formulation which causes an argument within the movement, or a form which at the moment may not be the very best, but which represents a solid, unshakable, inwardly unified organism. And any examination will show that the latter is preferable. For, since in changes it is always merely the outward formulation that is involved, such corrections will again seem possible or desirable.

**Finally, in view of the superficial character of men, there is the great danger that they will see the essential task of a movement in this purely outward formulation of a program.** Then the will and the power to fight for an idea recede, and the activity which should turn outward will wear itself out in inner programmatic squabbles.

With a doctrine that is really sound in its broad outlines, it is less harmful to retain a formulation, even if it should not entirely correspond to reality, than by improving it to expose what hitherto seemed a granite principle of the movement to general discussion with all its evil consequences. Above all, it is impossible as long as a movement is still fighting for victory. For how shall we fill people with blind faith in the correctness of a doctrine, if we ourselves spread uncertainty and doubt by constant changes in its outward structure?

The truth is that the most essential substance must never be sought in the outward formulation, but only and always in the inner sense. This is immutable; and in the interest of this immutable inner sense, we can only wish that the movement preserve the necessary strength to fight for it by avoiding all actions that splinter and create uncertainty.

Here, too, we can learn by the example of the Catholic Church. Though its doctrinal edifice, and in part quite superfluously, comes in collision with exact science and research, it is none the less unwilling to sacrifice so much as one little syllable of its

dogmas. It has recognized quite correctly that its power of resistance does not lie in its lesser or greater adaptation to the scientific findings of the moment, which in reality are always fluctuating, but rather in rigidly holding to dogmas once established, for it is only such dogmas which lend to the whole body the character of a faith. And so today it stands more firmly than ever. It can be prophesied that in exactly the same measure in which appearances evade us, it will gain more and more blind support as a static pole amid the flight of appearances.

And so, anyone who really and seriously desires the victory of a folkish philosophy must not only recognize that, for the achievement of such a success in the first place, only a movement capable of struggle is suitable, but that, in the second place, such a movement itself will stand firm only if based on unshakable certainty and firmness in its program. It must

*If you are under 65, you need The Church of the Creator more than I.*

*If you are over 65, you can help build a better future for your children and grandchildren by remembering The Church of the Creator in your Will!*

## **Where There's a Will, There's No Argument!**

not run the risk of making concessions in its formulation to the momentary spirit of the times, but must retain forever a form that has once been found favorable, in any case until crowned by victory. Before that, **any attempt** to bring about arguments as to the expediency of this or that point in the program splinters the solidity and the fighting force of the movement, proportionately as its adherents participate in such an inner discussion. This does not mean that an "improvement" carried out today might not tomorrow be subjected to renewed critical tests, only to find a better substitute the day after tomorrow. Once you tear down barriers in this connection, you open a road, the beginning of which is known, but whose end is lost in the infinite.

This important realization had to be applied in the young National Socialist movement. The **National Socialist German Workers' Party obtained with its program of twenty-five theses a foundation which must remain unshakable.** The task of the present and future members of our movement must not consist in a critical revision of these theses, but rather in being bound by them. For otherwise the next generation in turn could, with the same right,

squander its strength on such purely formal work within the party, instead of recruiting new adherents and thereby new forces for the movement.

For the great number of the adherents, the essence of our movement will consist less in the letter of our theses than in the meaning which we are able to give them.

**It was to these realizations that the young movement owed its name; the program was later framed according to them and, furthermore, the manner of their dissemination is based on them.**

**In order to help the folkish ideas to victory, a party of the people had to be created, a party which consists not only of intellectual leaders, but also of manual workers!**

**Any attempt to realize folkish ideas without such a militant organization would today, just as in the past and in the eternal future, remain without success.**

And so the movement has not only the **right**, but also the **duty**, of regarding itself as a pioneer and representative of these ideas. To the same degree as the basic ideas of the National Socialist movement are **folkish**, the **folkish ideas** are **National Socialist**. And if National Socialism wants to conquer, it must unconditionally and exclusively espouse this truth. Here, too, it has not only the **right**, but also the **duty**, of sharply emphasizing the fact that any attempt to put forward the folkish idea outside the framework of the National Socialist German Workers' Party is impossible, and in most cases based on a positive swindle.

If today anyone reproaches the movement for acting as if the folkish idea were their monopoly, there is but one answer:

**Not only a monopoly, but a working monopoly.**

For what previously existed under this concept was not suited to influence the destiny of our people even in the slightest, since all these ideas lacked a clear and coherent formulation. For the most part there were **single, disconnected** ideas of greater or lesser soundness, not seldom standing in mutual contradiction, in no case having any inner tie between them. And even had such a tie been present, in its weakness it would never have sufficed to orientate and build a movement on.

**Only the National Socialist movement accomplished this.**

If today all sorts of clubs and clublets, groups and grouplets, and, if you will, "big parties" lay claim to the word "folkish," this in itself is a consequence of the influence of the **National Socialist movement. Without its work, it would never have occurred to all these organizations even to pronounce the word "folkish."** This word would have meant nothing to them, and

(Continued on Page 8)

**HITLER***(Continued from Page 7)*

especially their leading minds would have stood in no relation of any sort to this concept. Only the work of the NSDAP for the first time made this concept a word full of content, which is now taken up by every conceivable kind of people; above all, in its own successful campaigning activity, it showed and demonstrated the force of these folkish ideas, so that mere desire to get ahead forces the others, ostensibly at least, to desire similar ends.

Just as hitherto they used everything for their petty election speculation, the folkish concept has today remained for them only an external empty slogan with which they attempt to counterbalance, among their own members, the attractive force of the National Socialist movement. For it is only concern for their own existence as well as fear of the rise of our new philosophy-borne movement, whose universal importance as well as its dangerous exclusiveness they sense, that puts into their mouth words which eight years ago they did not know, seven years ago ridiculed, six years ago branded as absurd, five years ago combated, four years ago hated, three years ago persecuted, only at length to annex them two years ago, and, combined with the rest of their vocabulary, to use them as a battle-cry in the fight.

And even today we must point out again and again that all these parties lack the slightest idea of **what the German people needs**. The most striking proof of this is the superficiality with which they mouth the word "folkish."

And no less dangerous are all those who horse around pretending to be folkish, forge fantastic plans, for the most part based on nothing but some **idée fixe**, which in itself might be sound, but in its isolation remains none the less without any importance for the formation of a great unified fighting community, and in no case is suited to building one. These people, who partly from their own thinking, partly from what they have read, brew up a program, are frequently more dangerous than the open enemies of the folkish idea. In the best case they are sterile theoreticians, but for the most part disastrous braggarts, and not seldom they believe that with flowing beards and primeval Teutonic gestures they can mask the intellectual and mental hollowness of their activities and abilities.

In contrast to all these useless attempts, it is therefore good if we recall to mind the time in which the young National Socialist movement began its struggle.

**For an analysis as to how this pertains to our own movement, CREATIVITY, see page 12 of this issue.**

**ANALYSIS***(Continued from Page 12)*

Kampf, Adolf Hitler says about the "intelligensia": "They never understood that the strength of a political party lies by no means in the greatest possible intellect of the individual member, but rather in the disciplined obedience with which its members follow the intellectual leadership."

What applies to a political movement also, of course, applies to our own religious movement, and in general, to any movement. The essence of it is this: (a) a powerful creed, (b) dedicated and disciplined followers, and (c) the quality of its leadership.

We, of the CHURCH OF THE CREATOR, are now at the founding stage of a great world movement, in fact, for the White Race the greatest, the most beneficent movement in its history. We have come a long way, but still have the most strenuous battles ahead of us. As I pointed out in "Our Greatest Need" (R. L., October 1983), we have a full blown creed and program that is comprehensive, meaningful and complete; we have our "Bibles", something Christianity took 300 years to achieve; we have a World Center, our geographic home; we have a periodical, "RACIAL LOYALTY". We have an auspicious beginning and we are off and running.

What we do not have yet, is the great leader — the "Great Promoter" — that I am searching for. I am looking for a leader and promoter of a caliber no less than Adolf Hitler himself. In fact, I am looking for some one that is even more qualified than Adolf Hitler himself. I am looking for a young man in his early thirties, blond and athletic, handsome and charismatic, and filled with zeal and energy, one who is dedicated to the cause and fears no obstacles. We want the impassioned orator and great leader, and we will find him.

Personally, at 65, I am not that man and probably never was. One of the strongest characteristics that I can claim is that calmly and in a detached manner, I can assess my own limitations as well as my abilities, and do so fairly accurately.

On the negative side, I am not, and never was, a showman, a "ham", an actor, or a crowd pleaser. Whereas I have engaged in politics, at one time was head of the Florida Independent Party and was even elected to the Florida State Legislature, I was never comfortable in the milieu. Although I have spoken at many political rallies, I was never the great orator, only fair. I have never enjoyed leading a crowd.

On the positive side, I am what I am, and that is a writer and a rationalist philosopher. I have an extremely fertile imagination that can creatively formulate those ideas that need impels to come forth. At the same time, I retain a firm grasp on reality and try to keep my feet on the

ground.

But probably my strongest asset is the somewhat unusual experiences Destiny has thrown in my life's pathway, starting with my birth in the middle of the Russian Revolution. Having lived in four countries and been a citizen of three, I have developed a broad sense of the continuity of history, of the plight of the White Race as a whole, without the narrow disadvantage of being tied to any one particular nationality. It is perhaps this broad experience cutting across "national" boundaries that has given me the "racial" feel and has impelled me to create a comprehensive racial religion for the White Race. Whatever it is, Destiny has seen fit to tap me on the shoulder to create, once and for all, a meaningful, comprehensive religion for the White Race and the White Race alone. We are now in possession of a racial religion whose ramifications can and will rebound to the tremendous benefit of the White Race for the next million years.

That part is done. The Creation of a racial religion for the salvation and redemption of the White Race is now an accomplished fact. CREATIVITY is the answer and it is here to stay.

It is now our beholden task to find the Great Promoter. I feel certain that there are at least ten thousand young White men in their early thirties, or younger, living right here in the United States that (at least potentially) have the stuff of which great leaders are made. It is our task to contact them, to find them, to search them out. This we will do with your help. By 1990 (should I live that long) I want to step down and have that fully qualified leader take over the reins in full. But we want to locate him, thoroughly train and orient him long before that.

Here is how we'll do it.

1. We must first of all realize that although badly debauched, the White Race still has a tremendous reservoir of intelligence, talent and creativity in its membership. I venture to say that there are at least ten thousand young men, at the age of 30 or thereabouts in America today that have the I.Q., the memory, the energy, the intelligence, the oratorical potential that Adolf Hitler possessed. They are there. It is up to us to find at least one in the next few years, and find him we will. The problem is making contacts.

They have not heard of us, and we have not heard of them. We must find them, and develop their slumbering potential.

2. In order to find each other we must expand our publicity and sphere of influence. There are several ways to do so and the most urgent at this time is to expand the circulation of our periodical, RACIAL LOYALTY. We must not only urge our members to recruit more subscribers, but each member must also make mass distribution of the paper. It is the most inexpensive way to contact new potential supporters and subscribers.

3. We will also use a number of other publicity and advertising promotions that are available to us. We have

a number of such promotions planned and will put them into operation as soon as time and money allow.

4. We must make the "Search for the Great Promoter", an ongoing program that is at the forefront of every member, subscriber and supporter, until it becomes a virtual reality.

5. The critical period is the next 3 or 4 years. After that our "School for Creative Boys" will supply us with an unlimited reservoir of leadership, not only for the top post, but also in depth and for back up. The 1990 to 2000 decade is the critical one for which we must now work and prepare. After that, we will have a super abundance of talent in all categories, and the White Race will be on its way to greatness, the era of the Superman.

So let us get busy. Let us dedicate ourselves to the task at hand and embark on the GREAT SEARCH. He is out there. We must find him!

Dear Pontifex Maximus:

Thank you for responding to my previous letter. In your letter, you asked about conditions here at Georgia State Prison. As you may already know, Georgia State Prison is classified as No. 1 in the United States, concerning racially motivated violence.

A couple of years ago, a nigger, (with the assistance of a Jewish attorney), filed a lawsuit against Georgia, because niggers were not being treated equal to the whites. Since that time, the U. S. Government has given a "lifetime" appointment to a Federal judge, to monitor prison conditions. Evidently, this judge's mother was a Jew, because all decisions for improvement here have been in favor of the "mud races", (Jews, niggers, Cubans and Mexicans). In 1978, the prison population was 67o/o White, and 33o/o mud races. Now the population stands at 36o/o White and 64o/o mud races. It is understandable since the mud races are committing more crimes than the White Race, but the state of Georgia has 132 different installations for confining inmates. The state is flooding Reidsville's facility with the niggers, so they won't have anymore trouble from the existing lawsuit. The present administration here at Reidsville, is made up of brain-washed individuals who have fallen and weakened from the barrage of today's Jewish propaganda.

The present living condition here at Reidsville's Georgia State Prison, is a constant fight for survival. The niggers, and the other mud races want to run the Whites into a corner and destroy them. Lately, the true laws of Nature have been existing here, more than you may imagine.

Even though the niggers are trying to run us out, you can still see the fear in them, of the White Race. Many Whites have died, or been seriously injured in the last year, here at Reidsville, but there has been more "Unity" of the whites, than ever before.

Sir, I didn't write this letter just for you to publish. I wrote it to let you see that Jewish propaganda even exists in today's prisons. Luckily, I will be getting out in March of 1984 (5 months). I hope to have the opportunity to visit

you in Otto, North Carolina, and also to draw from your knowledge, in order to make myself more qualified comrade for our survival. Sir, today, is the time for a constructive effort to prolong and preserve the White Race. Anytime later than today, will be too late!

A Surviving White Comrade,  
Georgia

Dear Pontifex:

First, I'd like to thank you for your books as I subscribe to them other materials which you print. I believe you, sir!

I'm sick to death of seeing my home state undermined, especially after viewing what has happened in Dade County, Miami, Florida which was once my hometown.

My grandfather made millions in the building construction field there during the 1930's through the 1960's, until his death; ironically in 1964, the year integration blew that city wide open for mud races. Today, as his grandson, I'm only worth a few thousand dollars and can't even find work because of some ban on me; (I'm certain perpetrated by somebody), as the niggers and spics seem to survive today pretty well and are catered to. A White man today is seemingly a minority to be made fun of and starved.

Since I discovered your materials, NATURE'S ETERNAL RELIGION and the WHITE MAN'S BIBLE, my eyes are open to this nation's travesty of racial suicide for the White man.

I'm concerned, Mr. Klassen. I have two little girls; ages 5 and 7 and I don't want them destroyed. They weren't bred for race-mixing, but the law says the nigger, gook and spics can undermine them for seduction. I can't handle it....my wife recently told me that her German heritage outweighs the Jews' scheme, but she is so .....brain-washed by Christianity, she's letting the politicians of the day make her decisions for her. Such as school bussing, turn the other cheek, be walked all over and other attitudes, until she seemingly doesn't care what the world does to her and her children.

Currently, I'm a real estate salesman and I'm almost to be a graduated English teacher from the University of South Florida (which is also Jewish infested). These modern textbooks are trash inspired by everything you're against.

What can I do, sir, to represent you faithfully and loyally in this screwed up world and still get your words across.

## Creativity School for Gifted Boys

### An Historic Beginning

The CHURCH OF THE CREATOR is happy to announce that we have broken ground for our upcoming school for gifted boys. On October 14, the bulldozers started clearing and leveling the site, and on October 25, the foundations were poured for the building itself.

We believe this is a small, but historic beginning of planting the seed and creating the nucleus of what will be a tremendously far-ranging program of education, orientation and enlightenment for the White Race.

From this small beginning will, over the years, emerge a full-fledged program for the resurrection and redemption of not only our youth, but of the White Race as a whole. From this nucleus we hope will blossom forth a complete educational system, kindergarten, elementary and high schools; technical and trade schools; and also centers of higher education such as colleges, universities and centers of scientific research.

When we laid the foundation for our 2,460 square feet school in October, we also laid the foundation for a system that will bring forth the future leaders of the White Race. We are committed to bringing out the best that Nature has bestowed on her finest, and this school is only the beginning.

Help support this great enterprise. You can do two things: (a) send financial contributions to help build our first school and (b) start looking for prospects for two week sessions for next summer. We need both.

Spread the word. Do your part. Perhaps you could sponsor some bright deserving boy, even though not of your own family. Think of how much time, energy and money you have squandered over your lifetime helping the Jewish establishment destroy the White Race. Do you want this to continue?

If not, help build the Creativity School for Gifted Boys. Don't let our future generations become burned out zombies, or drug ravaged slaves of the Jews.

There is a 200 yard foot path between the school and the church. We intend to make this path a thing of beauty and pride. For every Creator that contributes 1,000 dollars or more, we will plant a tree along the path with a plaque in their honor. Will you be the first?

societies as proven by the USA, Great Britain, Germany, Australia, South Africa etc. So long as the RACE remains "pure" each person of the Race are Kin. They have common ancestors. But if the Races intermix/integrate then those Races integrating lose their Racial genetic heritages, heritages and cultures and they will become extinct. The only way a Race can survive is by its people breeding PURE. ANY INTEGRATION BETWEEN RACES DETERIORATES THE RACES AND THEIR SOCIETIES. FOR A RACE/SOCIETY/PERSON TO REACH ITS POTENTIAL DESTINY, IT MUST HAVE A RACIAL GENETIC HERITAGE, HERITAGE AND CULTURE.

To the question — what makes us what we are? We must accede to the

Natural Laws of genetic truth that we are what we are due to our parents. Think carefully about this! For this is the key for our Race/society/individual reaching their potential destiny. If we teach our children this all important genetic truth, and train them to obey Natural Laws, to conduct ones life in a manner that provides the best potential for ones children to be, to carefully select the best mate that enhances the genetic heritage of the progeny, to carefully construct/change the environment/society, mores, morality, etc., to enhance the raising of the next generation in the knowledge and use of Natural Laws, this care and discrimination will assure the fulfillment of NATURAL LAWS in the most astute and forthright manner which in turn leads to the fulfillment of the potential destiny — personal, societal and Racial.

## Salubrious Living Section

### *Spiritual, Mental and Physical Health are not to be found in Hospitals or in Temples of Superstition.*

By Rev. Keith Williams

If and when, you or I, pass a hospital and we glance at this monolithic structure in awe, or we have the necessity to visit someone confined to one of these palaces of pain, do we not say to ourselves secretly, Gee, but I'm sure glad that I'm not sick! Or, maybe you had a perscription filled for a loved one and you feel compassion for the ones who are to take these nostrums. We mumble to ourselves or express to an acquaintance, "I'm so glad I'm not sick." Well, we all are guilty. Also, it seems that we all have, at one time or another, been on a sick bed.

What a relief it is though to feel that we are not in need of any of the medical field's practice, or that we are not in need of the doctor's advice. You know, I get that feeling not only when I think of a hospital or doctor, but I feel the same way whenever I see a church, or a clergy. I say, "Boy, am I glad I'm not like those people who call themselves Christians." Not only that, but I am also glad to be on the road to better physical as well as mental health, more and more each day.

I remember reading somewhere when I was a lot younger, that some-day the insane asylums would be filled to capacity and overflowing. At the time it seemed to me to be an impossibility. I couldn't comprehend a nation of mentally sick flocking to the mental institutions let alone on a self-imposed basis.

Later, I began to contemplate the health of our nation, its people, and its leaders, especially the leaders I had revered in the nations capitol. Then I searched the local levels for some semblance of sanity, I questioned the schools, the business leaders, the attorneys' abilities, the medical profession, ad nauseum, and you know what? It is next to impossible to find an island of health and sanity anywhere.

Almost everyone seems completely oblivious to the real world. I can understand it, if I am talking to someone who is not capable of comprehending, or someone who has been institutionalized to the point that they have lost control of their reasoning power. I can sympathize with them, if I am talking to a very young child, or one of the scum who have burned their brains out with some drug or alcohol. I surely, also, can appreciate the fact, that a stupid savage,

or a creature of lesser stature than a White Man, wouldn't know anything of import. But it seems to me that there is an entire world out there that appears to be one big insane asylum with the inmates running the place.

Now I don't mean the obvious kind of idiot, I'm not trying to conjure up in your mind a cretin who can't tie the laces of a shoe. I'm pointing to the average, run-of-the-mill White man or woman, boy or girl, who has had every opportunity to become learned, every opportunity to grab the brass ring of knowledge; the ones even who have been in and through the hallowed halls of ivy that dot the landscape of the world; ones who have the blood of patriots, leaders and heroes running through their veins. And yet, invariably if you question these folks long enough, dig into their psyche far enough you will discover nothing but a mass of misinformation, of dependence, even interdependence, or a psychosis so bereft as to leave you wondering how such individuals even navigate. How do these derelicts operate in a complex world of computers and high technology, when they can't even come to grips with reality.

Now, dear reader, please do not think that I am classing myself as anyone of the makeup of a genius, nor even a student of higher learning, or in fact, and more to the point, I haven't approached the level of many average thinkers and doers. The dictum, "If you're so smart, why aren't you rich?" still dogs me every day. No, I am just making a comparison of what is happening today to the man on the street and what was the case during the Great Greek empire, the Classic Roman empire, the Mighty Egyptian empire, the Peruvian empire and the Romantic days of the Teutonic Knights, the blossoming of the European Reformation and the Early American Culture, as far as what is happening to the minds of individuals without their even being aware that it is being undermined.

If you should talk to a man (or a woman), concerning the television "soaps", they can and will respond. Ask them to expound on the sports page of the leading newspapers and periodicals and they can and will bewilder you with trivia. Question the average White man (or woman) as to who is having an abortion, who bought the last round of beer, what fish is biting, where? etc., etc. they will probably amaze you with their insight and storehouse of information. But, if you should then "get serious" enough to look into their eyes and raise the question of the Christian farce, or ask them what they really believe in, or stand for, explore their thinking concerning the Jewish conspiracy, or drop the bombshell, the subject of RACE, their mouth will either slacken or get grim and their

eyes will glaze. Moreover, if you couple these questions with eternal values they will either call you a favorite euphemism, stand mute, or walk away mumbling something about crack-pots, bigots, racists or extremists.

You don't have to give this condition another name, just call it "sick". Sick, when you don't care about your progeny, sick, when you only think of the next pay check, the next ballgame, the next McDonald's hamburger, the different versions of sex, the big, shiny car you covet, the promotion you are in line for, the trip which you are planning, to speculate on the reason Bert left Dinah or vice versa, or how many six packs you will consume tonight, etc., etc.

The mass of White people are sick and don't even realize it. They are being suckered into extinction by a mess of potage that our forefathers would have gladly put out of their misery. The White Race is losing the one big battle of the ages. The average White Man is fiddling his life away, getting sicker and sicker, while the future burns down around his mortgaged ears.

Where do we go when we realize that we are ill? Well, believe it or not, we seem to go to the very ones who made us sick in the first place. We go to the hospitals, which poison, cut and burn us until we are nothing more than human garbage. The bespectacled doctors who feel our pulse and look into our mouth are ignorant of natural health, of dietary needs, or even a correct diagnosis of the condition, let alone preventative measures and exercise. They couldn't care less about the cause, as long as the sick are willing not only to be slaughtered, but will even buy the scalpel with which to do the dirty work.

We begin to imagine that we are sick in the spirit. Who do we turn to? Naturally, just as sure as there are green apples, we consult the black robed seer, soothsayer and hob-goblin fancier, that has probably gotten his own life in such disarray that he can't tell Jesus from the tooth fairy and other myths from reality. The same one who doesn't perceive that there is a difference between black and white races as long as the collection plate is full each Saturday (or Sunday); who chants over the pages of a book his own enemies wrote as a blueprint for his and our own downfall; who probably hasn't been married himself and never has fathered any children (to speak of); who depends on the unreal dreams of scrambled minds for his daily bread.

Also, we, of a more sober bent, lean over and look into the economic and governmental picture and what do we discover? We see the so-called leaders of this and other mighty nations and local precincts doing anything but governing and doing the chores that these paid law-makers are supposed to. They are too busy hiring secretaries who can't even type, having affairs with their pages, doling out

the hard-earned sustenance of the nation to every despicable conglomeration of mongrels and misfits that ever stood in a welfare line. These same

same politicians are trading your seed corn for just a chance to travel abroad, or your high technology, just to appear on, "Face the Nation". Yes, the one who's picture appears every time that we turn on the news, tells us how so-and-so hasn't paid his income taxes, while he himself dips into the public trough and votes himself a fat pension. The very one who never considers a laws merit on the basis of our race. This is a very sick man, serving a sick society and both getting sicker and sicker.

Please, dear White Racial Comrade, don't bear the brunt of any more insanity. Here are a few pointers in the direction of health for Creators:

Don't listen to another Jew tell another thing.

Don't sell your goods and services to another race traitor. Don't go to another doctor or unless you have first studied, tried and lived Salubrious Living. Or, unless you need a broken bone mended or a precious, White baby born.

Take no medicine, unneeded X-rays, vitamins or minerals in pill form.

Take no shots for diseases.

Exercise rather than vegetate.

Do not depend upon psychiatric mumbo-jumbo.

Do not will any of your belongings to the enemy.

Avoid legal entanglements, so that the Jew lawyers, with their Jew judges, can not try you with a Jew-programmed jury and incarcerate you in a filthy Jew jail.

Don't vote in an election on any level, unless it concerns economics.

Resist paying taxes of any kind.

Read incessantly. Read the books of the CHURCH OF THE CREATOR and follow the CREATIVE CREDO'S set therein. Seek out the best of the arts of our White culture. Read to your children so they will not be sickened by our mad rush to suicide. Read the WHITE MAN'S BIBLE and be filled with righteous indignation as to what is happening to our people. Read heroic, honorable stories of valor and motherhood lived by our ancestors. Read of the grandiose civilizations that rose up, which still leaves the world spell-bound. Seek out the great White authors of epics, poems, stories and essays. Get your mind on the right track. THINK WHITE!

Ask others around you to join us, in praising our kith and kin.

Become informed as to what is being taught in the school systems and then, re-educate your children with

## A Friendly Word from Your Editor

In publishing this paper we have a multitude of purposes in mind, but there are two that predominate:

1. To inform and encourage our existing members and supporters to build the White Racial movement known as CREATIVITY, and,
2. To act as an effective flyer for mass distribution to our White Racial Comrades who have never heard of us before.

Of these two, we are placing major emphasis on the second objective. This paper is designed basically for the purpose of alerting and recruiting new members to our cause. Whereas not every White Racial Comrade may at present be receptive to our cause, nevertheless there are millions out there who are receptive, who are fervently looking for a solution for which we have the answer — the real answer. There are millions out there who have never heard of CREATIVITY or of the WHITE MAN'S BIBLE. It is our beholden duty to reach those millions and the best way to do so is to distribute copies of Racial Loyalty. It is one of the most constructive actions you can take.

Order 100 copies of either this Novemb. issue, or any combination of our five previous issues. Distribute it to your friends, your relatives, even your enemies if they are inclined to be receptive. Distribute it at shopping centers, colleges, airports, laundromats, even Christian Churches (!) You'll be doing your White Racial Comrades the biggest favor of their life. Do it now. Order 100 copies for \$15.00 or 50 for \$8.50.

Remember, the future of the White Race now hangs by a thread. If you don't take action, who will? A mere 10 million White Man's Bibles in the hands of our White Racial Comrades would see us well on the road to victory, an extremely small price to pay in comparison to the hundreds of billions the Jews loot from us every year.

We have to get these first 10 million Bibles out, and the paper you now hold in your hands is the most effective vehicle with which to do the job. **We can do it, and your sacrifice and dedication are the keys to victory. Become a mini-distribution center for our White Man's Bible and for Racial Loyalty.**

## WHAT YOU ARE

(Continued from Page 9)

To the question — Can we change what we are? NO! At the instant of conception our full total potential is formed and from that instant on, our future is in developing and using our parents and their society, and UP TO US — EACH INDIVIDUAL — to make the most of our own endowed potential. Here again, the education — which is experience and environment — of the individual is of prime importance. The right kind of education will "spark off" the individual and give him the incentive to make the most of his endowed potential and heritage — NO ONE CAN DO THIS FOR THE INDIVIDUAL. IT IS UP TO EACH INDIVIDUAL TO DEVELOP AND USE HIS OWN POTENTIAL.

To the question — What can we expect of ourself and can we improve our lot? First, we must accept the truth of genetic law that we have been endowed with a certain potential, that we cannot increase that potential, but we

can develop and fulfill it. It is rare individual that fulfills their potential and heritage, most people do NOT fulfill their potential. Happiness comes in the fulfillment of our potential. Unhappiness comes from trying to fulfill a potential that we want or think we have, but that we do not possess. If we learn as much about our potential as we can, and then strive to fulfill that potential, we will be happy and contented and be a viable part of our society because we most nearly fulfill our destiny. We will be good citizens of our society, we will do our duty to the next generation, we will help our Races genetic heritage, heritage and culture.

Why are you what you are? Because Nature's Laws make you what you are, because your parents more, or less, carried out their destiny, and because you did the best you could, or did not do your best, with your potential.

Accept what you are. Make the most of what you have been endowed with. Always strive to do you best in whatever environment you are in. Remember, you are responsible for the next generation of your society and Race. As you would have wanted your parents to be discriminating in their mating, so that you would have the best potential, so too should you be discriminating in your mating, so that your progeny will be endowed with the best potential.

# AN ANALYSIS OF HITLER'S ADVICE

## HOW IT APPLIES TO THE CREATIVITY MOVEMENT.

In Adolf Hitler's brilliant dissertation on movements, leadership philosophy and religion there is so much valuable advice that applies to our own movement, CREATIVITY, that it almost seems he had us in mind when he wrote it.

It behooves us to analyze and to summarize those areas that apply to our movement and highlight them further. We want to take a realistic look at how we can best profit from good advice and reap the utmost benefits. This is very much in line with a motto that hangs in our library, "Will it help promote Creativity?" Properly utilized, I can assure you the great leaders' advice can and will be of tremendous value to us in practical application.

There are certain aspects that I want to highlight as to how they materially concern our own movement, CREATIVITY:

**A. The need for Destructive Criticism in order to destroy the rotten Jewish social order that exists before a new and better order can be built.**

In our own movement, CREATIVITY, most of our basic concepts are highly constructive, such as for example: A Sound Mind in a Sound Body in a Sound Society in a Sound Environment; or, Salubrious Living; or Eugenics and safeguarding our Gene Pool; or Organic Gardening; or upgrading the level of our Art, Music and Literature; or giving special attention to the geniuses in our midst and giving them an opportunity to develop their full potential; and/or a dozen other constructive goals and programs, culminating finally into the overall objective of building a Whiter and Brighter World.

In this respect I want to re-emphasize that a better world can not be built by proliferating more misfits, morons, and freeloaders upon a shrinking segment of producers. On the contrary a better world can only be built by producing a better grade of people, more competent and intelligent, and only amongst our own White Racial Comrades can we find the seed bed for such a revolutionary, new and brighter world.

Be that as it may, nevertheless the real world as it now exists, is constituted of an increasing horde of mud races, breeding, feeding and expanding largely at the expense of the more competent White Race, toward whom this avaricious horde is extremely hostile. Not only is the quality of life for the White Race rapidly going down hill, but the quality of "humanity"

even more so, and even among it the White Race itself.

No matter what segment of our society we look into, it is rotten to the core. It is Jew infested and Jew controlled, and this miserable tribe of parasites is determined to utterly break down our society in every nook and cranny until it has destroyed the noble White Race itself.

Hitler points out that in order to build a new structure, or any new system, it is first of all necessary to clear the ground, to clear the debris and make room for the new structure.

This means the old order must first be destroyed and to do so you must attack! attack! attack! and totally demolish it. Christianity did so with a vengeance when it was trying to establish itself. So did Mohammedanism. So did the Communist movement, and so have the Jews against all other peoples since the beginning of history.

This is only natural and Nature herself condones this approach in the struggle between the species. Our early pioneering White forefathers did the same thing in building America from sea to shining sea. They either drove the Indians before them, or resettled them, or killed them off. Had they not done so the country would still be infested with depraved savages and the greatest country (past tense) in the world would never have been built.

We CREATORS point with pride that this is the **AMERICAN WAY** and we CREATORS mean to pursue it in repopulating the entire Planet Earth with Nature's Finest.

To recapitulate — in order to build a better world we have to demolish the present rotten (Jewish) order. To accomplish this, we must properly identify our enemies. These are in short and in their respective order of menace:

1. The Jewish establishment per se.
2. The mud races, of which the niggers and the Mexicans are the most threatening in America.
3. The Christian establishment as such, which has wreaked utter havoc in the minds of our race, and always sided with the Jews, the mud races and the scum of the world.

In clearing the debris from the scene lest the bleeding hearts start screaming again, let me repeat what we CREATORS have said over and over: We do not intend to kill anybody! It is our program to shrink the Jews and other mud races by ceasing to subsidize and feed them, and let them wither on the vine of their own incompetence.

With the Christians it is a different

matter. In the first place, most of our White Racial Comrades either are, or are loosely affiliated with the Christian religion. That this is so is one of the major tragedies in the history of the White Race, but nevertheless it is a fact of life with which we and the entire White Race is confronted with, and we have to deal with it. Furthermore to add to the disaster, some of our most stalwart citizens either are, or hypocritically profess to be Christians, because it is the excepted thing to do.

As I have pointed out on numerous occasions before, Christianity has been, and still is, the most effective brain scrambler the Jews have concocted in the art of mind manipulation over the last two thousand years. It is a weapon we must demolish and smash from out of their hands.

We must relentlessly expose this treacherous spookcraft and again straighten out the White Man's thinking. When we do, we will also get the Jew off our back. Until and unless we do so, the Jew will retain a direct pipeline to the White Man's soul, his thinking, and his direction, a sinister situation indeed.

One of the bright spots in this picture, however, is that Christianity is so utterly ridiculous when examined that it is easily exposed and demolished to any thinking person. All we need to do is expound and expand CREATIVITY and Christianity will fall of its own lies and rottenness.

So we must attack, attack and attack again, and our best weapons are ridicule and exposing its Jewish origins. We will have no peace until Christianity is exposed, the Jew is off our back, and the White Man wrests control of his own destiny back into his own capable direction.

In this respect, it is important to point out that gung-ho, born again Christians are not our primary recruiting target at this time. In fact, along with Jews and niggers, they are at the bottom of our list of prospects. And for good reasons. Such people have had their minds so warped as if a knife had cut through their brains, and logic and reason and common sense does not reach them at all. So let us leave them alone and let them learn the hard way. I repeat, they are the least likely prospects and let us not waste our energies on them at this time. We will get to them later.

Fortunately, among our White Racial Comrades there are many who have seen through the Jewish-Christianity hoax on their own and are looking for a more sane and realistic philosophy of life. Many others were never too interested or infected with Christianity in the first place and are also looking for a spiritual home that makes sense and they can believe in. These too are good prospects. Then there are millions of White Racial Comrades out there who instinctively have racial concerns, who are aware of the world disaster that is impending and are looking for a solution. They too are excellent prospects. It is these millions that are prospective members and it is our beholden duty

to find them and bring them into our organization.

**B. No Compromise: The Inflexibility of Creed.**

On this subject, Hitler says the following: "**Political parties are inclined to compromises; philosophies never. Political parties even reckon opponents; philosophers proclaim their infallibility.**"

In the twelve years since I first started expounding on a racial religion for the White Race and laid out the basis of such a religion in NATURE'S ETERNAL RELIGION, it has been my experience that most people would rather indulge in quibbling about some nit-picking triviality in the philosophy of Creativity than go out there and buck the wrath of the world in promoting it.

This is unfortunate and a situation that must be corrected. In Creative Credo No. 73, the last Chapter of the WHITE MAN'S BIBLE, I set forth the numerous ways of "copping out," and this matter of arm-chair "discussion" about oft meaningless details of changing our creed, is one of the most frequent and useless.

**So let me explain it again.** We are in a position similar to say, a car manufacturer. Let us say Chevrolet has come out with its latest model and is now ready to market it. Before it could reach this stage it had to go through much time, labor and expense. First of all, it spent years in creating the design and drawing up blueprints of that design. There soon came a time when they had to say: "This is it. The time has come to now freeze the design and start cutting the dies for production."

Next, the dies are cut, at an expense of hundreds of millions of dollars. Production lines are set up, marketing schedules are prepared.

Finally, the car is in production and the sales program is launched. At this point, the head executives are no longer interested in bickering about nit-picking details about the curve of the fender or other minor details.

At this stage, the dies are cut, production is in full swing and the important thing is to merchandise the product or else the company will go broke.

We, of the CHURCH OF THE CREATOR, are in the same position. We are no longer in the design stage.

The dies have been cut and the production lines are in full swing. **We are now in the promotion stage** and it now behooves us to promote the hell out of our movement and get it off the ground. There is nothing more pointless or useless at this stage than those who would philosophize, be cozy arm-chair generals and indulge in re-vamping the design.
