

Excerpts from "MANU: Por El Hombre Que Vendra"

by Miguel Serrano

Year 101 of the Hitlerian Age,

Year 1991 of the Judeo-Christian Age.

The superpowers of the world, counterpoised only in appearance, know with certainty that their Enemy has not been defeated, and as Admiral Byrd has said: "Finds himself between them and the Poles". They have been forced to change their strategy, originally declaring the Third World War was contemplated, as a Ritual Sacrifice offered to the Great Demiurge, preceding the imposition of the Messianic times. Capitalists and Communists, controlled by the One and Same Single Hand, will have to soften their apparent oppositions, due to the need to face their common Enemy once again who are light-years more advanced than them, because Hitler had recovered his ancient-new Science.

In order to build an atomic bomb like the one in Hiroshima one needs Enriched Uranium, the only thing that is capable of reaching the desired temperatures and pressure. In order to enrich the Uranium one needs such High temperatures with complete mastery of \*the Science of Implosion\* to make it possible. And this Old Science, almost magical, or simply, Supranatural, was recovered by Hitlerian scientists. Contrary to centrifugal \*explosion\*, \*implosion\* is centripetal. It is like a \*maelstrom\*, it's suction; *It is the Black Sun, the Black Hole, the Leftward Swastika. And it's power is such that it neutralizes gravity, making possible the flight of Flying Saucers, the UFO, also rediscovered by the Hitlerist Germans at the end of the Second World War. The \*Vimana\* of the War of the \*Mahabharatha\**. He who is capable of neutralizing gravity, defeats Entropy and opens up a mysterious \*Window\* to Immortality, since the expense of energy, old age and death are effects of Gravity; the fatigue of nature and of matter.

And there were, in addition, other secret weapons, unknown until then by Judeo-Liberal science, which were the product of that Aryan relationship with the Extra-Universe, Extra-Terrestrials, a power of magical plasmation, which only that race possesses --or

possessed--. *The Odic-Vril Force of Transmutation (Odil), "WILL" in its Pure state (all but lost today) and refers to an Aristocratic Relationship, of the Herrenvolk, the People of Lords, with an Extra-Celestial origin. They created the Death Ray, the Ray of the Druids, they deciphered the \*Lapsit Electris\*, Von Eschenbach's \*Grail Stone\*, by means of an Astral dislocation, recovering the knowledge of the Ancient \*ARMANEN\* from Germanic antiquity: Priest-Warriors.* Hitlerists possessed an anti-air weapon which produced Absolute Zero in temperature, disintegrating airplanes in mid-flight. Twice, have German combatants recounted to me on another decisive weapon, a small mortar which produced an instantaneous death, leaving enemies immobilized at the instant they were at the projectile's explosion. Only a few drops of coagulated blood under the nose, or on the mouth, would indicate they had died a violent death. These weapons were used and they disappeared without trace. There were also the *\*Absolute Submarines\**, which did not need to come out to the surface, being able to penetrate the North Pole and to reappear in the Oases of the South Pole. This I know. The *\*Wafeln\**, the *\*Caleuche\**.

The occult history of these tragic years we have been called upon to live, it could be better understood if we analyze it by keeping in mind those essential Dichotomies, that intimate, human and Divine Drama, which took place within the Soul and the body of a man who in truth was a Titan in order to resist victory without coming to pieces. Adolf Hitler never wanted the war, nor was he prepared to wage it when it arrived. The war was imposed on him by his enemies, even before they declared it. Hitler saw in the war the failure of his projects for Social and Economic Reform, of his racial plans, of being able to reach a definitive agreement with the English, to organize the world together and to save the Hyperborean race. The same is related by Kubizek himself, who, when reunited with his childhood friend (Hitler), once the war had started, Hitler declared his wish that the war would end soon so he can be able to dedicate himself to build that World in which he dreamed of and to remodel the cities with his genius of Magical Architecture.

Hitler offered peace several times after the war started. Not having been listened to, he then decided upon everything possible to win it quickly. *He invented the \*Blitzkrieg\*, the Lightning War, of the :SIEG: rune.* He did not want to destroy the English in Dunkerque. Nor did he invade them. And he sent Rudolph Hess to negotiate with them before initiating his attack on Russia. It was these attitudes of Hitler before England and also before Spain, not entering it's territory without Franco's permission to take Gibraltar, that are the causes of the defeat, in addition to the treason of General Canaris and so many other High German Lieutenants, without and within the National Socialist Party.

But the Drama must be contemplated and lived through other levels if in truth we want to be able to participate and penetrate into it, deserving the honor of being part of such a great tragedy. One must be able to elevate it to a higher plane of existence, connecting it with its occult roots. *Because if Hitler did not ever want the war, the \*Avatar did want it\*. And if Hitler, as \*Fuehrer\*, desired to win the war quickly, the \*Avatar did not aspire to it\*. The \*Avatar\* has always been at War, from the beginning of time. And he always \*Wins by Losing\*, losing on this Physical plane of existence of the Demiurge so he could win on the Astral plane which unmasked to the whole world its true enemy. \*To Him, as for the Jew, the Second World War was only a battle within a Greater War\*.*

Consequently, the \*Avatar\* always knew he would lose this Battle on the Physical plane, now and here, and he acted consequently. Hitler, in Mein Kampf, affirmed Germany would never wage combat again on two fronts. But the \*Avatar\* forced the \*Fuehrer\* to attack Russia, without having defeated England. What did Hitler pretend to do? What did the \*Avatar\* pretend? In the end they both pretended the same thing: to fight the last one, \*without claudicating on the Ideal, since it is this IDEAL that counts\*, leaving firmly established the Luminous Principles, while at the same time \*the mask was removed once and forever from the Planetary and Cosmic Enemy, the International Jew, as representation of Evil here on Earth\*.

Seen from these heights, little is the importance of the betrayals. They were part of a magical ensemble, a Drama of Celestial Drama, accessory notes, secondary counterpoints, even if indispensable, in the Archetypical symphony. Hitler himself will be dragged by the current of Destiny, by the powerful Wind of the \*Avatar\*, and now nothing will He be able to do or change. Krause, his assistant uttered it for him, at the moment of initiating the attack on Poland. The officer himself has stated it to me. Hitler said: "There is nothing I can do now to control these events; except stop them. Not even I know how this will end."
